

Security Officer of the Month November 2011

The Security Officer of The Month Award for November was awarded to William Brennan and Louis Amoah for their excellent work at Windrush Court.

Bill (and Louis who was on site training) discovered a large water leak from a ceiling mounted air conditioning unit in our client's offices during a patrol one evening. In addition to having to make a number of phone calls to staff and engineers Bill and Louis did a great job of containing the leaking water by finding as many bins and buckets as they could on site and clearing up the mess. This took a considerable amount of time and effort and was certainly deemed above and beyond the call of duty by our client.

It was a busy night for them as one of the restaurant fridges also suffered a breakdown and Bill and Louis kindly transferred the contents to another fridge.

Good work Bill and Louis.

Bill Brennan
