Manned Guarding

Highly trained teams of Security Officers are able to provide protection of premises and become an intrinsic part of your business continuity plans and security policy.

Our approach to service is consistent and one that provides our customers with exceptional levels of management support and can be identified as different to our competitors through the following methods:

- 24 hour access to our offices and Control Centre with telephones answered by our own staff.
- We do not operate voice mail or automated call handling systems within our Control Centre
- External audits by an outside agency to test our security teams—often referred to as mystery shopping
- Dedicated security services without diversifying into other soft services
- Selective recruitment process where staff are recruited with site specific duties in mind
- All Directors and Senior Management can be contacted 24 hours a day
- We operate a policy of internal promotion that can be demonstrated
- Delivering the service we sell

The company operates on a regional basis from our 24-hour Control Centre in High Wycombe, covering a 100 mile radius with a carefully arranged management structure providing high levels of support to both our security teams and customers.

We have a wealth of experience in various market sectors:

- Higher & Further Education
- Pharmaceutical
- Logistics & Distribution
- Managing Agents
- Information Technology
- Business Parks
- Factory & Warehouses
- Offices

We provide Security Personnel to carry out the following duties:

- Vehicle & Personnel Searches
- Gatehouse Duties
- Health & Safety Checks
- Post Room Functions
- CCTV Monitoring
- Reception Services
- Various Patrol Duties

Why Choose Risk Management Security Services?

A company with over 30 years experience supported by an excellent reputation built on solid foundation.

We offer a regional presence throughout the South of England and the Midlands with an effective infrastructure.

Customers and Officers receive regular support and do not get lost within vast national coverage.
